

Vacuum Banknote Counting Machine

Glory GND & GNH-710 Series

Glory GND/GNH-710 Series are recognized for its excellent heavy-duty performance, consistent accuracy, high durability and capability of handling high-volume cash processing, leading to lower investment and maintenance cost, and higher ROI.

Manufactured by the main pioneer in cash processing machines & solutions, **Glory Ltd. Japan**

Why Glory?

- ✓ 100 years of Experience & Dedication on Cash Processing Solutions
- ✓ 40 Years of Experience in Indonesian Market
- ✓ More than 1 Million products in more than 100 countries
- ✓ High durability with much longer life-time span & high quality spare parts
- ✓ High Performance for heavy-duty usage
- ✓ Trusted by Worldwide Banking Solutions Provider for technology of modules & components

Main Benefits of Using This Product

Improved Staff Performance

with its consistency & accuracy in counting banknotes

Ready to Use Products

with its simple operation & User-friendly menu

Long Term Investment & Lower Maintenance Cost

with its well-known quality, durability & reliability

Improved Customer Service

with lower rate of banknotes counting, customer will feel satisfied and comfortable with the service

Built to Last

Manufactured with premium quality & technology from Japan, Glory ensures efficient investment due to highly durable unit with much longer life-time.

Fastest Counting Speed in Its Class

At the highest speed selection of 2.400 notes/ minute, a 60% productivity increase is achieved over conventional models (1.500 notes/ minute), suitable for continuous & heavy-duty banknotes processing with accurate counting result.

Why This Product Is Different?

Outstanding Accuracy & Consistency

Selectable counting speed to accommodate accurate counting for banknotes with different fitness level (FIT/UNFIT). The adjustment knob helps locate the best counting position & minimizes miscounting due to pinholes/folded corners.

Save Time & Efforts

Automatic start of banknote counting that immediately detects banknotes placed in the counting module, combined with its remarkably high speed.
