

High Performance Banknote Sorting Machine Glory USF-200

Glory USF-200 are recognized for its excellent heavy-duty performance, consistent accuracy, high durability and capability of handling high-volume cash processing, leading to higher productivity & improved efficiency.

Manufactured by the main pioneer in cash processing machines & solutions, **Glory Ltd. Japan**

Why Glory?

- ✓ 100 years of Experience & Dedication on Cash Processing Solutions
- ✓ 40 Years of Experience in Indonesian Market
- ✓ More than 1 Million Products in more than 100 countries
- ✓ High Durability with much longer life-time span and high quality spare parts
- ✓ High Performance for heavy-duty usage
- ✓ Trusted by Worldwide Banking Solutions Provider for technology of modules & components

Main Benefits of Using This Product

Improved Productivity

with its high speed & consistency in sorting banknotes

Improved Sorting Accuracy

with its outstanding sorting technology that ensures accurate processing result

Enhance User Experience

with its ergonomically designed stacker arrangement and highly intuitive display & indicator light

Long Term Investment & Lower Maintenance Cost

with its well-known quality, durability, and reliability

Frees Up Space

With its much smaller forms & footprint compared to its predecessors, the **Glory USF-100**

Ergonomically Designed to Enhance User Experience

Carefully designed to ensure optimal User experience, the device's horizontal stacker arrangement ensures that all User's touch points are placed within reach, creating more comfortable working position.

Higher Speed of Higher Productivity

Compared to its predecessor (Glory USF-100), USF-200 offers a **40% increase in speed**. This greatly improves productivity & efficiency in cash processing by allowing continuous, heavy-duty, yet accurate banknotes processing in remarkably high speed.

Built to Last

Manufactured with premium quality & technology from Japan, Glory ensures efficient investment due to highly durable unit with much longer lifetime.

Proven Technology

Equipped with the advanced sorting & counterfeit detection technology, USF-200 ensures outstanding sorting accuracy & consistency based on denomination, fitness level, new/old emission, face/orientation, counterfeit, and serial number recognition.

What makes this product different?

Smartly Designed to be Highly Intuitive

The 7" full color display offers better visibility of information & operational guidance. The stacker also equipped with LED indicator light that will be flashing when the notes are ready to be removed.

Technical Specifications

Parameter	Measure
Dimension	400 x 360 x 360 mm (W x D x H)
Processing Speed	Count : 1.000 notes/minute Sort : 1.000 notes/minute Fit/Unfit : 1.000 notes/minute Serial Number Recognition : 1.000 notes/minute
Capacity	Hopper : 500 notes Stacker : @200 notes x 2 Reject Stacker : 100 notes
Weight	27 kg
Power Supply	100-240V ±10%, 1.5 - 0.8 A, 50/60Hz
External Connection (Option)	LAN, USB, SD Card, RS-232C
