Passbook Printer
OLICOM PR9

Designed to be the most competitive specialized printer available on the market, PR9 smartly combines essential factors to ensure quick, consistent, and outstanding printing performances;

- Plug-and-play installation
- Auto alignment, auto skew, and auto thickness detection
- Long lasting, heavy duty print head & ribbon cartridge

What makes this product different?

Easy Integration with Plug-and-Play Capabilities

PR9 fits easily into your existing IT environment and adapts with your current passbook printing application as it is able to accommodate variety of emulations (IBM 4722, IBM 9068, IBM PP II & X24, PR2/PR40+, OKI 5530SC, LQ 1600K, Hitachi) and interfaces (Serial RS-232, IEEE 1284 Parallel, USB).

Advanced Document Handling Technology

with the capability to automatically detect and adjust the inserted document based on thickness, alignment, skew, and edge, ensuring quick & efficient printing of documents in variety of thickness at different angles in any position.

Versatile & Flexible Document Printing

With the advanced document handling technology, you can easily print document in various formats and sizes, including but not limited to: passbook, bank Teller forms, multi-copy forms, security documents, envelope, voucher, ticket, etc.

Low Total Cost of Ownership

Combination of the long lasting, heavy duty print head with life of more than 400 million dots per needle and ribbon cartridge that is able to print up to 7 million characters per cartridge ensures excellent value for money.

How This Product Benefits Me
