

Self-Service Currency Exchange Machine

Boost positive customer experience while increasing your business efficiency with the 24/7 foreign currency exchange machine.

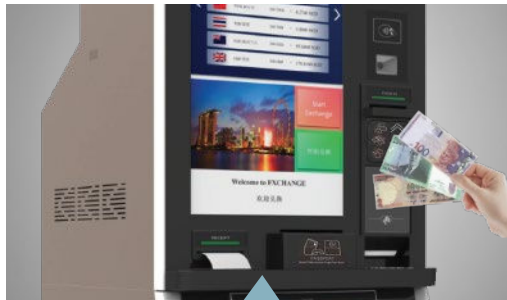

Specifically designed to be highly secured yet easy-to-use, this machine provides fast and hassle-free solution for tourists and business travelers in today's fast-paced environment.

What makes this product different?

Record & Identify Customers Profile

by requiring customers to scan their passport before doing any transactions

Deposit in Multiple Currencies

which allows customers to process multiple currencies in one transaction

Wide Range of Supported Currencies

with up to 14 currencies and 52 denominations which are widely used in business

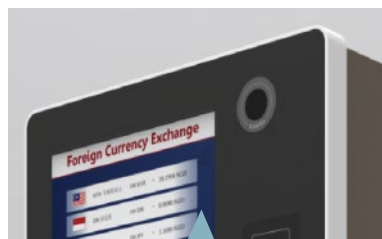

Reliable Counterfeit Detection

with advanced Contact Image Sensor (CIS) technology that is able to accurately detect security features (UV & IR) on deposited banknotes

All-in-one Dispensing Function

with the capability to dispense both banknotes and coin in the selected currency

Complete Security Features

with hidden video camera both on the cash dispenser and top part of the machine in case of fraud or criminal acts

Full or Partial Home Screen

which allows you to display multimedia contents (image and video) along with the transaction menu

How This Product Benefits Me

Efficient Resource Management

by replacing the conventional money changer booth or counter with strategically placed 24/7 foreign exchange machine at prime locations

Extended Service Window Time

with the self-service function that is available to serve customers 24/7, ultimately leading to higher revenue & lower operational cost

Enhanced Security

with advanced counterfeit detection and embedded surveillance camera

Improved Customer Service

with fully accessible foreign exchange service, even outside the standard operational hour
