

Highlights

- No charging cords to install or maintain! Quick-connect dock utilizes Samsung's POGO pin connectors
- Easy to use: Just slide the tablet into the slot; quickly charge a whole fleet of tablets
- Designed to be used with the Samsung provided case
- Individual status indicator LEDs monitor charging progress for each tablet
- Durable steel doors with robust three-point lock and key assembly provide strong theft deterrence
- Ventilated, enclosed storage keeps tablets safe and secure

Cart

- Super compact design uses minimal floor space
- Lightweight, agile mobile cart conveniently allows you to move all tablets at once as you pickup or deploy across different locations and across shifts
- Steel tube and aluminum extrusion framework with durable locking steel doors

Desktop

- One charging unit can serve a central area

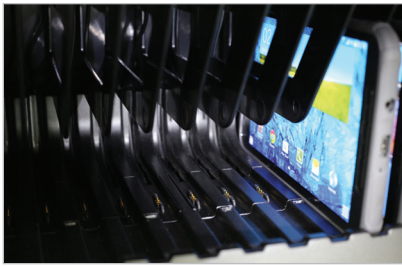

ERGOTRON®

Charging Systems for Samsung® Galaxy Tab® Active

Ready. Set. Charge! Whole tablet solutions for real-world multi-shift environments

Charge and deploy shared tablets across multiple shifts to all necessary individuals. Desktop and cart systems provide options for varying workflow and capacity requirements. Locking steel doors keep tablets secure when not in use. For user and equipment safety, the entire cart and desktop cabinet are tested and certified to UL 60950.
