

Patient-Facing Telehealth Solutions

Healthcare organizations worldwide use Ergotron products in telehealth applications to enable real-time telepresence and expand their geographic service area and offerings.

Our aim is to design products that help caregivers thrive. We're also helping caregivers provide more efficient and frequent care to support increased patient compliance and fewer readmissions.

Dedicated patient telehealth suite

- Adjustable wall mount lets users choose how they want to relay information—sitting or standing
- Fits spaces dedicated for managing private telehealth calls between patients and caregivers

StyleView Sit-Stand Combo System with Worksurface
45-594-216

- Saves space by folding out of the way when not in use
- Cables stay hidden and organized for easy cleaning

CareFit Combo System with Worksurface
45-619-251

Lean, mobile consultation cart

- Height-adjustable, lightweight cart easily rolls throughout the facility from waiting rooms to the patient's bedside
- Fits tablets and provides a small worksurface; perfect for behavioral health and translation services

StyleView Tablet Cart SV10-1400-0

Full-featured mobile diagnostic cart

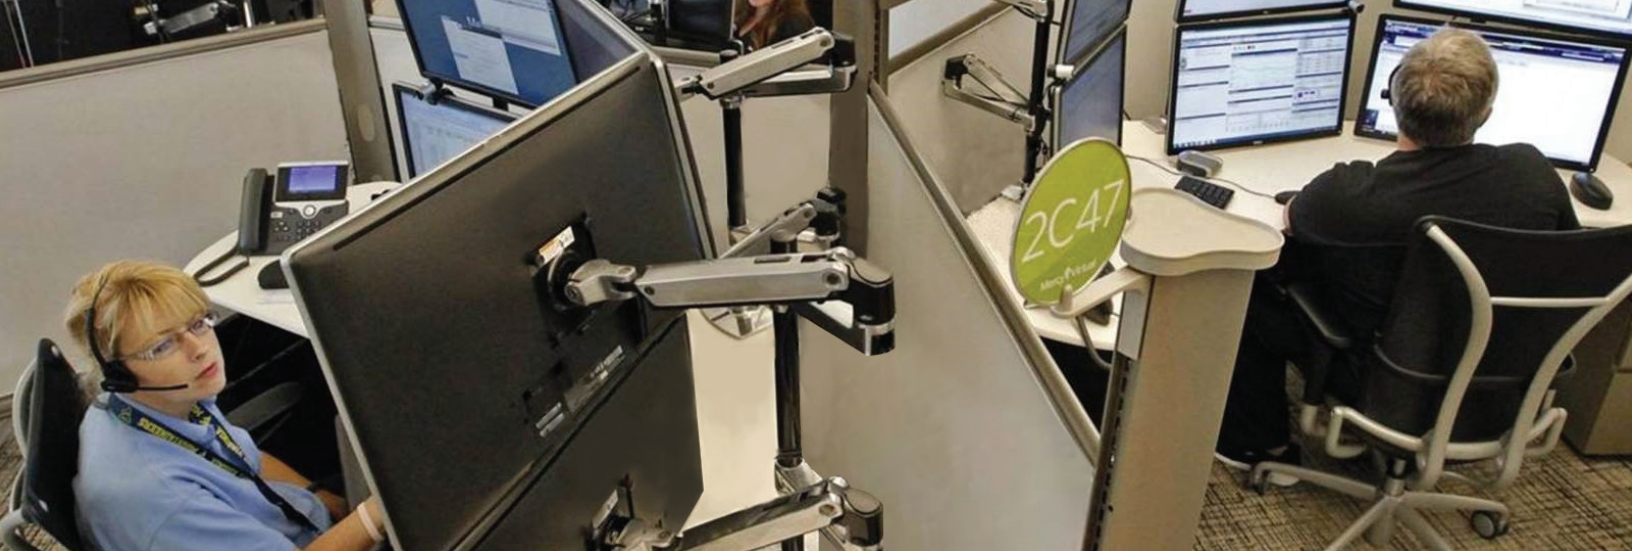

- Easily moves to patients and adapts to fast-moving care areas, like emergency departments
- Works as a central hub for multiple telehealth diagnostic devices, helping caregivers instantly adapt to a wide variety of medical situations

StyleView Camera Shelf 97-776-194
(Compatible with CareFit and StyleView)

StyleView® Telemedicine Cart Dual Monitor, Powered SV44-57T1-1

Caregiver-Facing Telehealth Solutions

Caregiver telehealth center

- Add an LX Dual Stacking Arm, Tall Pole, plus LX Arm, Extension and Collar Kit(s), to a sturdy worksurface to support 2–6 monitors with flexible screen views

LX Arm, Extension and Collar Kit
