**Touchscreens
for everything.**

PT MURNI SOLUSINDO NUSANTARA
Digital Business Transformation Center

Elo is everywhere.

We invented the touchscreen over 50 years ago and have over 25 million installations in 80 countries in verticals including - retail, restaurant, healthcare, corporate, industrial and hospitality.

Elo EssentialEdge™

By leveraging Elo's commercial Android architecture, including uniform SDKs, a robust toolkit and an expansive lineup across sizes and form factors, users benefit from the platform advancements Elo has made for many global customers. Choose Elo to deliver the convenience and familiarity of Android in secure, business-friendly solutions.

Redefine your touch experience.

With a broad selection of interactive technologies from 5.5" - 65", our product portfolio includes:

Kiosks

With Elo's versatile and modular kiosks, businesses can easily deploy interactive self-service solutions that put customers in control.

POS Terminals

Get everything the merchant needs at the point of sale with modular POS systems and mobile POS devices.

Touchscreen Computers

Get computing power and performance in sleek form factors from 10 to 22-inches for Android and Windows.

Mobile Computers

Elo's enterprise-grade Android mobile computers let you do everything from the palm of your hand.

Touchscreen Signage

Create a consistent experience across all interactive touchpoints from 10 to 65-inches.

Open Frame Touch Displays

Designed for easy integration into any enclosure, Elo's open frames offer sizes from 10 to 43-inches.

Touchscreen Monitors

Best in class touchscreens built for everyday use and specialized medical-grade models offering IP-54, IEC60601 & DICOM 14.

Components

From industry-leading touchscreens to touchscreen display modules, chipsets and controllers, Elo offers best-in-class OEM support.

EloView®

Deploy and securely manage your entire network of Android-powered interactive signage, point-of-sale systems and kiosks - from anywhere around the world.

Elo Edge Connect

Designed for modularity, easily attach peripherals to the edge of the display including payment devices, barcode scanners, camera, NFC/RFID and fingerprint scanners.

Your partner for every interactive solution.

Your success is our success. We work side-by-side to help ensure every interactive experience you want to create is successful so you can focus on your business.
